Neptune 

# Why a Supplier Portal?

- Are your Communication and Collaboration with your Suppliers too cumbersome?
- Is your Supplier Information inaccurate and scattered across different places?
- Do you want to avoid your Suppliers to directly access your SAP system?
- Are you struggling on how to be EUDR compliant?

# Stretch Evolve Supplier Portal – Business Values

A single, Unified Communication and Collaboration platform

Accurate and Reliable data thanks to Validations and Digital forms

Automation for Efficiency – Minimize manual work, more free time

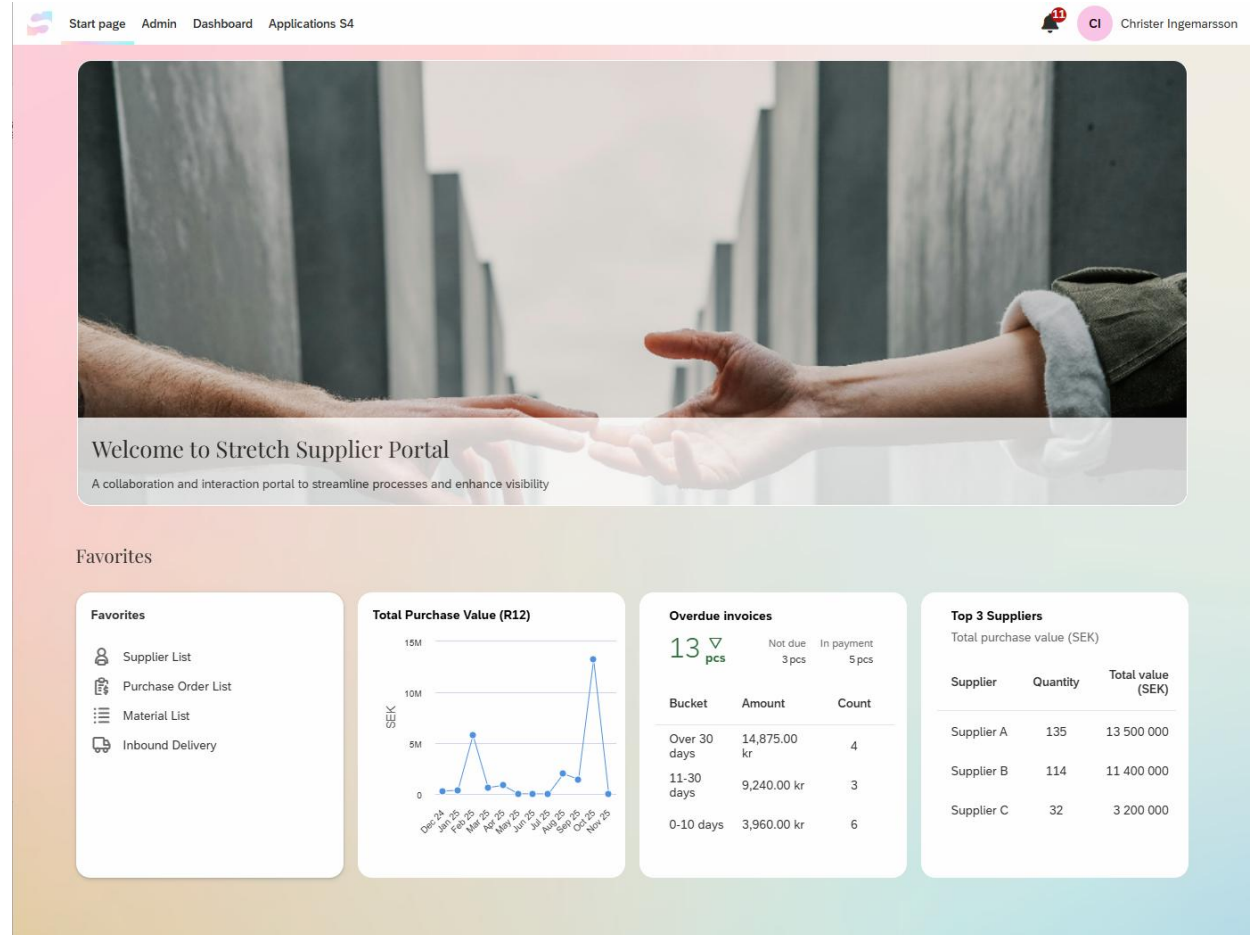

Enhanced Productivity through Streamlined procurement processes

Improved User Experience – Intuitive, user-friendly

# About Stretch Evolve Supplier Portal

- Our **Supplier Portal** is a pre-packaged collaboration and interaction portal between a company and its suppliers
- The portal comes with pre-defined content and integration to **SAP S/4HANA** and **Green Token** to streamline processes and enhance visibility and traceability:
  - Supplier Onboarding, self-registration
  - Supplier Information
  - Purchase Order Information
  - Inbound Delivery, incl. entering EUDR information
  - Supplier Confirmation
  - Material Information
  - Invoice Information
  - Document Management
  - Questionnaires/Assessments
  - KPI Dashboard
- The Supplier Portal is developed on the Neptune DX platform

The screenshot shows the Stretch Supplier Portal interface. At the top, there is a navigation bar with 'Start page', 'Admin', 'Dashboard', and 'Applications S4'. On the right, there is a user profile for 'CI Christer Ingemarsson'. The main content area features a large banner image of two hands shaking, with the text 'Welcome to Stretch Supplier Portal' and a subtitle 'A collaboration and interaction portal to streamline processes and enhance visibility'. Below the banner, there is a 'Favorites' section with a list of links: 'Supplier List', 'Purchase Order List', 'Material List', and 'Inbound Delivery'. To the right of the favorites are three data widgets: 'Total Purchase Value (R12)' showing a line chart of purchase value in SEK over time; 'Overdue invoices' showing 13 pcs total, with 3 pcs not due and 5 pcs in payment, broken down by bucket (Over 30 days, 11-30 days, 0-10 days); and 'Top 3 Suppliers' showing a table of the top suppliers by quantity and total value.

Supplier	Quantity	Total value (SEK)
Supplier A	135	13 500 000
Supplier B	114	11 400 000
Supplier C	32	3 200 000
